DIFFRENTIATORS

We strive to achieve the best outcomes - Financially, Clinically and Operationally. Directional Command will be the “VA Advocate” providing optimal communication, customer service and follow up during every step of the business process in a professional manner. We pride ourselves on being hands-on for every project, beginning to end, offering BEST PRICE and BEST VALUE.

COMPANY DATA

Directional Command LLC, a Service-Disabled Veteran Owned Small Business, provides leadership and coordination, along with a proven track record, to major government agencies with multi-tiered, multi-year projects. Now we are partnered with well-known International and United State vendors/manufacturers of dental and medical products, supplies and services to VA hospitals and clinics. Our team brings decades of experience to every project, and we work hard to deliver the smartest, most technologically advanced solutions available. Our goal is to earn a spot on “Your Team” by getting the job done right every time.

PAST PERFORMANCE

Directional Command has been awarded and is successfully providing numerous technological, medical and dental services in 45 states, including Hawaii, Alaska and Puerto Rico for the Department of Veterans Affairs, the Navy, Army and Air Force.
